WORLD CONSTRUCTION ANNUAL INDEX

AIR & RAIL TRANSPORT STRUCTURES

Munich's rapid transit system keeps growing ..... Jan. p. 42
ARC contractor rebuilds railway for ARC quarry ..... May p. 60
Widening of Bridge No. 98 goes softly ..... July p. 19
Good lighting keeps airfield paving on schedule ..... Oct. p. 53
Concrete walings speed Swedish Metro project ..... Dec. p. 44

BRIDGES

Triple-arch span has common footing ..... Feb. p. 46
Latin America's longest cable supported bridge ..... Mar. p. 18
The bridge over Guanabara Bay . June p. 64
Widening of Bridge No. 98 goes softly ..... July p. 19
South African Freeway spans heavily undermined areas ..... Sep. p. 40
Bridge technique used to roof an industrial building ..... Nov. p. 94

BUILDINGS

Light, simple wall forms for low-cost structures ..... Jan. p. 38
Durban's newest prestressed concrete sugar silo ..... Abr. p. 17
There's a better way to make openings in concrete ..... Apr. p. 58
Complex earth-retaining system prepares for deep excavation .. May p. 18
Sky-high contract no problem for Japanese birdmen ..... May p. 58
Bank tower boasts structural innovations ..... June p. 62
Post-tensioning helps rejuvenate an old building ..... June p. 74
The controversial Towers of Colon ..... July p. 17
Computer now 'predicts' quake damage ..... July p. 21
Low-rise becomes high-rise ..... Aug. p. 60
Guywire/load-cell system stabilizes 14-story building .... Sep. p. 37
Pre-fab brick faces office building ..... Sep. p. 60
Jacking system lowers construction costs ..... Oct. p. 36
Building to save energy ..... Oct. p. 40
Textured tower blends with surroundings ..... Nov. p. 92
Bridge technique used to roof an industrial building ..... Nov. p. 94
Post-tensioning by the vacuum method ..... Dec. p. 17
Improving on the tilt-up wall technique ..... Dec. p. 22
International Conference looks at roofing trends ..... Dec. p. 31

CONFERENCES & EXHIBITS

Highway researchers find no lack of challenges ..... Mar. p. 24
1974 Show is best ever ..... Apr. p. 37
Hannover Messe/April 25-May 3, 1974 ..... June p. 18
The Paris Expomat May 9-19, 1974 ..... July p. 48
International Conference looks at roofing trends ..... Dec. p. 31

CONSTRUCTION MANAGEMENT

Oil analysis: early warning of machinery problems ..... Jan. p. 34
A construction contract can be a dangerous instrument .... Feb. p. 24
Fundamentals pay off for earthmoving contractors ..... Mar. p. 40
Are the biggest, fullest trucks the best for road paving? ..... Apr. p. 20
The message of Hannover ..... June p. 17
Brake law will affect industry trucks ..... June p. 40
Before you borrow ..... June p. 52
Computer now 'predicts' quake damage ..... July p. 21
Too many shows? ..... July p. 47
Special report on portable air compressors ..... Aug. p. 29
Fiat-Allis is on the move ..... Aug. p. 70
Computer plan helps to control costs ..... Sep. p. 32
Building to save energy ..... Oct. p. 40
Special report on hydraulic systems ..... Nov. p. 21
A woman engineer on site ..... Dec. p. 18
Weight/temperature relationship: clue to product quality ..... Dec. p. 27

DAMS

Conveyor Transfer Point "F" at Tarbela Dam ..... Jan. p. 45
Quarrying is a real problem at this northern rockfill dam ..... Apr. p. 54
Constricted valley, bad rock beset Chivor Dam builders .... May p. 13
Majes project will vitalize Peruvian desert area ..... May p. 56
The tunnels of Itezhitezhi Dam .. Sep. p. 17
High-speed earthmoving at Bewl ..... Dec. p. 15

DRILLING & BLASTING

Today's drifter drills ..... Feb. p. 33
Why should detonating cord be preferred to blasting caps? .... Mar. p. 37
Blasting Primer: What about the labels on explosives? ..... Apr. p. 12
Two exceptions to seismic principles ..... May p. 26
How to suppress drill dust ..... May p. 44
Blasting Primer: What about the rock? ..... June p. 12
Blasting Primer: What about the effect on blasting costs? .... Aug. p. 54
The 'Nibbler' breaks concrete differently ..... Aug. p. 72
The tunnels of Itezhitezhi Dam .. Sep. p. 17
Headrace tunneling at Ritsem ... Oct. p. 30
Impact ripping underground .... Oct. p. 59
Channel tunneler completed .... Nov. p. 100

EARTHMOVING

Brazil's new Northern Perimeter road ..... Jan. p. 31
Just how efficient is your loader operation? ..... Feb. p. 19
Need a tall thin excavator? ..... Feb. p. 21
Fundamentals pay off for earthmoving contractors ..... Mar. p. 40
Dozer blasts trench with explosive device ..... Mar. p. 48
Here comes 'Big Dude' ..... Mar. p. 66
Quarrying is a real problem at this northern rock-fill dam ..... Apr. p. 54
Constricted valley, bad rock beset Chivor Dam builders .... May p. 13
Dredger rescues beached ship ... May p. 50
Nocturnal pipe-laying solves a problem ..... June p. 44
Dredging bolsters a Dutch beach ..... June p. 48
Excavator/dredge keeps inland waterways open ..... June p. 48
Alignment control system for faster earth leveling ..... June p. 57
Another link in Colombia's road network ..... Sep. p. 28
Hydraulic excavator rips limestone for French highway ..... Sep. p. 37
What is 200 m long and can dig 110.000 m³/day? ..... Oct. p. 54
Elevating scrapers: Big producers if you use them right . Nov. p. 82
High-speed earthmoving at Bewl ..... Dec. p. 15

EQUIPMENT EVALUATION & MANAGEMENT

Oil analysis: early warning of machinery problems ..... Jan. p. 34
Conveyor Transfer Point "F" at Tarbela Dam ..... Jan. p. 45
Just how efficient is your loader operation? ..... Feb. p. 19
Today's drifter drills ..... Feb. p. 33
Fundamentals pay off for earthmoving contractors ..... Mar. p. 40
Dozer blasts trench with explosive device ..... Mar. p. 48
Are the biggest, fullest trucks the best for road paving? ..... Apr. p. 20
Why they're going all-hydraulic on the Furka tunnel .. May p. 32
One firm's approach to the "black smoke" problem ..... May p. 40
Brake law will affect industry trucks ..... June p. 40
Action on the motor grader front ..... July p. 42
Special report on portable air compressors ..... Aug. p. 29
Selecting the best pile foundation ..... Sep. p. 20
One contract spawns three novel tunneling methods ..... Sep. p. 46
How much noise will you make on your next job? ..... Oct. p. 21
How much vibration? ..... Oct. p. 24
Impact ripping underground .... Oct. p. 59
Special report on hydraulic systems ..... Nov. p. 21
Elevating scrapers: Big producers if you use them right . Nov. p. 82

HARBORS, PORTS & OTHER MARINE STRUCTURES

Building a great gateway to the North Sea ..... Feb. p. 22
About that piling at Narvik quay ..... Mar. p. 44

(Continued on the following page)

A new port for North Ireland ....Apr. p. 26
Concrete caissons speed construction of marina breakwater .....Apr. p. 50
Dredging bolsters a beach .....June p. 48
Excavator/dredge keeps inland waterways open .....June p. 48
Portugal gets a super-shipyard ..July p. 33
Steel plate resists lamellar tearing .....Aug. p. 56
New lock calls for extensive dewatering .....Aug. p. 58
Armored seawall shields port work at Botany Bay .....Sep. p. 26
Second prefab lighthouse is floated into place .....Sep. p. 66
Governments preempt North Sea construction sites .....Oct. p. 64
Thames flood defence program begun .....Dec. p. 20
Sea wall design has people on mind .....Dec. p. 42

HIGHWAYS

Brazil's new Northern Perimeter road .....Jan. p. 31
There's a ring-road in Warsaw's future .....Feb. p. 44
Contractor makes road aggregate from demolition rubble ...Mar. p. 22
Highway researchers find no lack of challenges .....Mar. p. 24
Are the biggest, fullest trucks the best for road paving? .....Apr. p. 20
How to prevent raveling of asphalt pavement .....May p. 38
Lime can lengthen construction season .....May p. 50
Alignment control system for faster earth leveling .....June p. 57
Frost-proofing roads with plastic panels .....June p. 70
Another link in Colombia's road network .....Sep. p. 28
Hydraulic excavator rips limestone for French highway .Sep. p. 37
South African freeway spans heavily undermined areas .....Sep. p. 40
Delivering asphalt at a lower cost per ton .....Nov. p. 99

INDEX

Index of 1974 features .....Dec. p. 37

MATERIALS EVALUATION

The trouble with fibrous concrete .....Feb. p. 39
Highway researchers find no lack of challenges .....Mar. p. 24
Polypropylene fibers reinforce concrete .....Mar. p. 51
How to prevent raveling of asphalt pavement .....May p. 38
Lime can lengthen construction season .....May p. 50
What happens as an asphalt pavement ages .....May p. 54
Frost-proofing roads with plastic panels .....June p. 70
Steel plate resists lamellar tearing .....Aug. p. 56
Pre-fab brick faces office building .....Sep. p. 60
Foam-grout used as backfill helps put an old mine to new use .....Nov. p. 87
Something new in concrete .....Nov. p. 99
Weigh/temperature relationship: clue to product quality .....Dec. p. 27

MATERIALS PREPARATION & HANDLING

Conveyor Transfer Point "F" at Tarbela Dam .....Jan. p. 45
Continuous-mix plant produces concrete of consistent quality .....Jan. p. 55
Building a great gateway to the North Sea .....Feb. p. 22
Contractor makes road aggregate from demolition rubble ...Mar. p. 22
Quarrying is a real problem at this northern rockfill dam .....Apr. p. 54
Portable aggregate plant in Panamá is permanent .....Aug. p. 62
What miners are doing to speed hoisting .....Aug. p. 66
Hydraulic hoisting shows promise .....Aug. p. 66
Delivering asphalt at a lower cost per ton .....Nov. p. 99
Post-tensioning by the vacuum method .....Dec. p. 17
Improving on the tilt-up wall technique .....Dec. p. 22
Another angle on slab handling .....Dec. p. 32

METHODS EVALUATION

Light, simple wall forms for low-cost structures .....Jan. p. 38
Just how efficient is your loader operation? .....Feb. p. 19
Highway researchers find no lack of challenges .....Mar. p. 24
Why should detonating cord be preferred to blasting caps? ....Mar. p. 37
Fundamentals pay off for earthmoving contractors .....Mar. p. 40
Blasting Primer: What about the labels on explosives? .....Apr. p. 12
Are the biggest, fullest trucks the best for road paving? .....Apr. p. 20
There's a better way to make openings in concrete .....Apr. p. 58
Complex earth-retaining system prepares for deep excavation ..May p. 18
Two exceptions to seismic principles .....May p. 26
How to prevent raveling of asphalt pavement .....May p. 38
How to suppress drill dust .....May p. 44
Blasting Primer: What about the rock? .....June p. 12
Trench tragedies *can* be averted .....July p. 24
Blasting Primer: What about the effect on blasting costs? ....Aug. p. 54
Selecting the best piling .....Sep. p. 20
How much noise will you make on your next job? .....Oct. p. 21
How much vibration? .....Oct. p. 24
Cracked tunnel is glued back together .....Nov. p. 98
High-speed earthmoving .....Dec. p. 15
Post-tensioning by the vacuum method .....Dec. p. 17
Concrete walings speed Swedish Metro project .....Dec. p. 44

PAVING, COMPACTION & STABILIZATION

Highway researchers find no lack of challenges .....Mar. p. 24
Are the biggest, fullest trucks the best for road paving? .....Apr. p. 20
How to prevent raveling of asphalt pavement .....May p. 38
Trench tragedies *can* be averted .....July p. 24
Radial paving and rolling renew test track .....Aug. p. 69
Good lighting keeps airfield paving on schedule .....Oct. p. 53
Delivering asphalt at a lower cost per ton .....Nov. p. 99

PILEDRIVING

Latin America's longest cable-supported bridge .....Mar. p. 18
About that piling at Narvik quay .....Mar. p. 44
Quieter sheet pile driving .....Apr. p. 28
Widening of Bridge No. 98 goes softly .....July p. 19
Portugal get a super-shipyard ...July p. 33
Selecting the best pile foundation .....Sep. p. 19
Jumbo piles spur contractor creativity .....Sep. p. 57
Thames flood defence program begun .....Dec. p. 20
Concrete walings speed Swedish Metro project .....Dec. p. 44

PIPELINES & CANALS

Reduced friction results in 10% increase in water delivery .Feb. p. 46
Daring Dutch sink 12 pipelines at once .....Apr. p. 31
Majes project will vitalize Peruvian desert area .....May p. 56
Nocturnal pipe-laying solves a problem .....June p. 44
This pipe pull was different .....June p. 46
Trans-Alaska pipeline project begun .....Aug. p. 64

TUNNELS

Munich's rapid transit system keeps growing .....Jan. p. 42
Tube sections go underwater for Hampton Roads Tunnel ....Jan. p. 52
Why they're going all-hydraulic on the Furka tunnel ..May p. 32
Matched machines make for faster tunneling .....June p. 60
Designed for deep-level mining ..June p. 78
The tunnels of Itezhitezhi Dam ..Sep. p. 17
Low-pressure system works on tunnel contract .....Sep. p. 19
One contract spawns three novel tunneling methods .....Sep. p. 46
Headrace tunneling at Ritsem ...Oct. p. 30
Impact ripping underground ....Oct. p. 59
Cracked tunnel is glued back together .....Nov. p. 98
Channel tunneler completed ....Nov. p. 100

WATER & WASTE MANAGEMENT STRUCTURES

For Hong Kong, another reservoir claimed from the sea .Feb. p. 30
Reduced friction results in 10% increase in water delivery .Feb. p. 46
Offshore rig walks to work .....Mar. p. 42
Fast, reusable forms speed construction of sewage plant ...May p. 52
Majes project will vitalize Peruvian desert area .....May p. 56
Nocturnal pipe-laying solves a problem .....June p. 44
This pipe pull was different .....June p. 46
Land reclamation plan judged best U.S. project .....July p. 41
Headrace tunneling at Ritsem ...Oct. p. 30
